Peterson Bans Newsman From Office Because of a Tribune Editorial

County Executive Frederick Peterson has banned Ray Spangler, San Mateo County courthouse reporter for the Redwood City Tribune, Burlingame Advance and Palo Alto Times, from his private office, and refuses to give any news of his office to the newsman.

The action is directed as a punitive measure against the papers because of a Tribune editorial which ran two weeks ago criticizing Peterson's order to Health Director C. C. Gans to discharge Asaka Hasegawa, an American-born girl, from her post as apprentice laboratory technician in the Community Hospital because of her Japanese parentage.

The editorial Ray Spangler was not written by Spangler and did not appear in the other news papers, although his personal column, "Under the Courthouse Dome," discussed the case in similar vein in both papers in San Mateo County.

OFFERS TO PHONE IN

Peterson told Publisher George A. McQueen of the Advance and Manager Neal Van Sooy of the Tribune in a conference Wednesday that he would have his secretary, William Michel, telephone news from his office to the two papers, but that under no conditions would he release the news directly to Spangler. He will continue to give news directly to reporters for other papers, but would not assume responsibility that all the news given to them would be telephoned to the Advance and Tribune, nor Palo Alto Times.

When it was pointed out to the county manager that he had cited no unfair or distorted news reporting by Spangler, but had criticized only the editorial policy of the newspapers employing him, Peterson said that the

papers had consistently opposed him and he was "absolutely through with them in every way."

Peterson ordered the hospital assistant discharged Mar. 4 and the offending editorial appeared in the Tribune Mar. 5. It was: **COUNTY MANAGER DID A DIS-SERVICE TO U. S. BY HIS ACTION OF YESTERDAY**

After all the sage advice given by authorities from the President of the United States on down, on how to deal with the Japanese problem, our own county manager, who SHOULD know better, yesterday committed what seems to us to be one of the worst blunders yet made in connection with the removal of Japanese from California.

To order summarily the discharge of an American citizen from a public position because the person has Japanese ancestors not only is probably an illegal act (see excerpt from constitution in Ray Spangler's "Under the Courthouse Dome" column today) but is one of the best ways we can think of to breed hatred in the minds of Japanese for the United States. Especially when the action is accompanied by releases to newspapers.

It is for good reason that federal and state officials, and particularly the Federal Bureau of Investigation, have asked that local authorities leave the Japanese problem to them. It is greatly to the advantage of this country to have the Japanese happy that they can serve the United States by moving to interior regions. Most of the loyal ones appeared to be willing to leave their homes and places of employment if it would be for the good of this nation, just as our own boys have willingly left their homes to serve in the armed forces. And the federal agencies in charge have wanted to keep this spirit among those whose loyalty was undoubted.

County Manager Peterson gave no indication that the hospital aide he ordered discharged had been suspected of disloyalty. And even if he had, the proper authorities to have notified would have been the FBI, not the newspapers. Not only has he probably stirred up resentment in the breast of this American-born, American-educated young woman by trying to deprive her of her job, upon which she and her family depend for a livelihood; he doubtless has stirred up rancor in the hearts of other Japanese that may flame into acts of sabotage or violence in secret reprisals for the action of a public official.

It is our belief, and we have said so here before and with what we believe valid reason, that all Japanese aliens and persons of Japanese descent should be moved from California. And they soon will be moved, and this young woman along with them. But the whole process should be done in an orderly manner; not in the spirit of anger exhibited by County Manager Peterson yesterday. Particularly should Mr. Peterson be tolerant of other races or nationalities, for he himself enjoys the privileges of American citizenship not because he was born in this country, but because he was permitted to become naturalized despite his birth in Germany, a country with which we are legally as much at war as we are with Japan. We don't bring up this point to discredit Mr. Peterson, for certainly he has been a patriotic citizen of the United States, serving the country in many ways, including participating in the first World War. But we hope that he will continue to serve his adopted country. And we don't think it is a service when he takes action such as that of yesterday.

Freedom of the Press

Because the Tribune has chosen to exercise a constitutional privilege—freedom of the press—it finds one of its reporters banned from what we had heretofore considered a public office, which everyone had a right to enter.

As a result, Tribune readers are threatened with deprivation of news of an office to which the public, of which its readers are a part, contributes \$9637.50 a year for support. Six thousand dollars of it is in the form of salary to County Manager Peterson himself, who has decreed that the part of his salary-paying public who read this newspaper may not be assured in the future of receiving timely reports of actions of his office.

Just as Americans, in going to war to preserve the four basic freedoms, including freedom of the press, have said they would rather die than surrender any of them, so has the Tribune chosen to stand up for its rights, no matter what the cost, rather than discharge or transfer to another position Ray Spangler, the reporter whom Mr. Peterson has banned from his office. Particularly since Mr. Peterson admits that his ban results from no unfairness in Mr. Spangler's reporting of news, but solely because this newspaper has exercised a prerogative held by newspapers of the United States since adoption of the Bill of Rights—the right to criticize public officials in editorials or signed columns.

Such an attitude on the part of County Manager Peterson we consider extremely un-American, becoming to no public official. It does not find general precedent in this country.

Perhaps no man in public office has ever been criticized more by newspapers than President Roosevelt, but we have yet to hear of his banning reporters from press conferences because of their newspapers' attitude toward him.

In our own county, newspapers have always enjoyed the right to criticize, and not since the days of the long-discredited Kneese political machine has there been an attempt to issue a ban against a newspaperman. As a matter of fact, Mr. Peterson's conduct in office has been criticized less by this newspaper than that of some other public officials, without such action being attempted.

As a matter of fact, we don't think Tribune readers would suffer loss of much news even if deprived entirely of knowing about what Mr. Peterson does. The signing of claims—his principal task, as far as we can learn—is of no interest. His achievements in the time the public has paid him \$19,000 since he took office 38 months ago have been mostly non-constructive ones—opposing progressive action by other officials; attempting to place friends in county jobs; stirring up turmoil.

No, we think lack of news reports from Mr. Peterson's office would be no serious blow. In all events, readers of this paper would learn of anything of importance no more than a day late, for it can, if need be, rewrite items from other newspapers privileged to receive Mr. Peterson's direct news releases. And anyhow, fairness and helpfulness of officials in the courthouse who are interested in the public's welfare will result, we feel confident, in the protection of this newspaper's readers on activity there.

But it just isn't the American way of doing things—this ordering of reprisals. We don't get it.

Tribune Editorial Put In Congressional Record

Because a recent Tribune editorial advocating curtailment of government press agents' releases "struck a responsive chord" in him, Rep. John Z. Anderson, this district's U.S. congressman, had it inserted in the Congressional Record "where I hope it will do some good," he notified the editor of this newspaper in a letter.

Congressman Anderson also took occasion to remark: "I continue to enjoy the editorials which appear in the Redwood City Tribune and hope you will keep up the good work."

In putting the editorial, which was "An Open Letter to Uncle Sam About His Press Agents," in the Congressional Record, Representative Anderson remarked:

"Mr. Speaker, under leave to extend my remarks in the Record, I include the following thought-provoking editorial from one of the representative daily newspapers in my district. The country is rapidly becoming 'fed up' with continued wasteful extravagance as practiced by various federal agencies. Unless we make every effort to reduce nonessential spending to the lowest possible figure the public's faith in elected representatives will be badly shaken."

The editorial, which was published March 3, read as follows:

"Dear Uncle Sam:

"We have been impressed by your many appeals to us to help conserve resources, now that priorities and stoppage of import sources have meant shortages in supplies. We are doing our best to help in saving of paper, and would appreciate your co-operation in helping us to co-operate with you.

"We suggest therefore that you strike us from the mailing list of the government's useless press agents. Every week we receive matter marked for news release on certain dates, when the news already has been published days before. In many instances the actual mailing dates of your 'news releases' are later than the dates assigned for the publication of the matter.

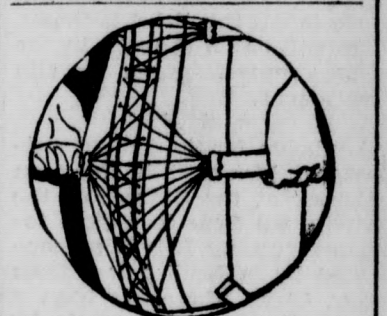

"If you would cease sending us those useless releases not only would you save a certain amount of paper, but you also would save time at this end that is spent in sorting, opening and tossing away the matter, and would lessen to some extent the postal burden as well.

"No doubt hundreds of other newspapers feel the same on this subject as we do, and if you were to strike them also from your press agents' list, this proposed

saving would be multiplied even as the wastefulness is multiplied today.

"If all of the papers were to be taken off the press agents' list, you then could release some of those 3000 administration press agents in Washington for more useful activity, and save some additional tax revenues besides.

"Yours truly,
"REDWOOD CITY TRIBUNE."

MENLO PARK NEWS

BY D. E. O'KEEFE

MENLO PARK — St Joseph's alumni will attend Holy Communion in a body at the 8:30 mass on Sunday, Mar. 22. The breakfast will be served at the school's gymnasium. Reservations may be made with Joe Morey. This will be the 22nd annual breakfast held by the alumni.

Interest in the approaching election is warming up some. Candidates are being discussed seriously, but as there is no issue in the campaign, the election on Apr. 14 will be a quiet affair. It is generally conceded that the conservative ticket consisting of Henry Carroll, incumbent, W. F. Cutter and Charles Oram will be elected. If this ticket is chosen there will be no changes in the various departments of the city government.

A mission for the Italian residents of Menlo Park going on 't' week at the Church of the Nativity will come to a close tomorrow evening. It is being conducted by a Jesuit priest from Santa Clara. There has been a large attendance all week by Peninsula Italians.

The work of widening and im-

proving Santa Cruz Ave. will start in May, according to information received from the county road department. This is a very important highway and is sorely in need of urgent repairs.

The three couples that are to be married after Lent are unable to find a vacant house in Menlo Park. The same conditions exist in Palo Alto. Solution: Don't get married.

Mrs. San Raach was here from Sacramento Sunday to greet her husband, Sergeant Raach, now at Moffett Field.

Lieut. Jack Welsh, son of Mr. and Mrs. J. B. Welsh of Menlo Park, is now at Corpus Christi Flying Field where he is an instructor.

The first picnic of the season at the Kuck gardens will not take place until the latter part of May. Picnics usually start in the early part of April. There will be only 10 picnics this year. This is because of the war.

The Atherton politicians are grooming a candidate for county assessor. There should be no Howell about that.

More Opposition Told To Street Closings

Headed by Miss Carmelita O'Neil, a group of Atherton residents met with the Stanford Park Association last week at the home of C. A. Couture.

Declaring that closing of certain streets in Atherton as proposed by the State Highway Commission in its plan to widen El Camino Real would seriously affect the property owners on such streets, the delegation announced a program of protest comparable with that of the association.

Also joining the association in its effort to prevent closing of the five streets in Menlo Park through Stanford Park which is part of the highway commission's present widening plan were John A. Sullivan, president of the Menlo Park Improvement Club, and Bruce Huggins, secretary of the Menlo Park Taxpayers League. These organizations pledged their assistance to the effort being made to prevent the street closing action.

Cecil Baxter and Sullivan, representing the Menlo Park Planning Commission, asked the association to meet with its members at its next meeting to consider problems brought about by the proposed traffic displacement in the community.

The daily weather map of the United States was first published by the government in 1871, according to the Department of Commerce.

War Zone Pictures Booked for S.F.

SAN FRANCISCO—"Remember Manila," "Java Calling" and "China Fights On," new motion pictures recently arrived here from the Pacific war zone, will be shown at the Community Playhouse, San Francisco, today, tomorrow and Sunday by David Griffin, American news cameraman, who produced them. He lectures with the films.

Gen. Douglas MacArthur collaborated with Griffin in making "Remember Manila," which opens the series.

Governor General Starckenborgh of the Dutch East Indies co-operated in preparing hitherto un-filmed military and naval material for "Java Calling," scheduled for Saturday night.

Gen. Chiang Kai-Shek aided Griffin in filming exclusive scenes of China's new victory armies for "China Fights On," to be presented Sunday matinee and night, Mar. 22.

'Bob' Miller Dies After Long Illness

Robert L. (Bob) Miller, 65, for a number of years maintenance man at the Sequoia Theater until about five years ago, passed away late Tuesday in a San Jose hospital. He had been ill more than three years. He was the husband of Kate E. Miller, who died here in October, 1938, and the brother of William Miller, who died a month ago at Crescent City.

San Mateo Office Opens

Speeding the job of preparing Japanese and Japanese-Americans for early evacuation from Western Oregon, Washington and California and Southern Arizona, the Wartime Civil Con-

trol Administration has opened a primary services center in San Mateo to "streamline" handling the property, crop, personal effects and personal problems of persons of this race being moved out of designated critical areas.

The services station is open at U. S. Employment Service office, 15 B St. It is manned by representatives of government agencies selected to assist the avac-

ees. This is one of 64 such offices opened in the four states. President Roosevelt, by executive order, directed Lieut. Gen. J. L. DeWitt to establish military areas, from which any and all persons may be excluded, or their movements therein restricted. They were designated by General DeWitt's proclamation. This is a wartime defense measure, to safeguard critical areas, defense plants, airports,

power installation and military and naval stations against espionage, sabotage or other risks incident to wartime. General DeWitt established a new general staff division for the Fourth Army and Western Defense Command—Civil Affairs Division—to handle the alien removal program as rapidly as possible, and with fullest consideration given to the rights of these people. The Civil Affairs Division of the general

staff is headed by Col. Karl R. Bendtsen, GSC, as representative General DeWitt. Colonel Bendtsen is head of the Wartime Civil Control Administration. Chief of the civilian staff of WCCA is Tom C. Clark, special assistant to the U. S. Attorney General. Dr. C. C. Gans, county welfare director charged with the responsibility for providing aid to evacuees, said he

expected his office to continue to function but would probably refer the bulk of its cases to the new San Mateo office. The county office, acting under the State Department of Social Welfare, has opened branch offices in Half Moon Bay, Daly City, Burlingame and at the courthouse to assist aliens. So far, it was announced today, no requests for financial assistance have been received.

WE RESERVE THE RIGHT TO LIMIT QUANTITIES

During the Civil War the naval academy was moved from Annapolis to Newport, R. I.

The shorthand system of writing has been traced back to the year 63 B.C.

Don't Be a "Goofer"!

THESE TWO Britons are "goofers", and, like all goofers, they are heartily disliked by the men of the Royal Air Force fighter squadrons. A goffer, according to the latest March of Time film, "When Air Raids Strike", is a fellow who fails to take shelter during a raid but remains in the open to watch approaching enemy aircraft. A fighter-plane pilot, diving upon an enemy bomber, cannot open fire if there are goofers in the streets below for he does not care to kill his own countrymen. "Goofer trouble", according to the March of Time, is just one of the many problems that Britain has had to overcome in perfecting her Air Raid Precautions system. The film contains many valuable lessons for America's own civilian defense program.

New Film Shows What To Do in Air Attack

"When Air Raids Strike," the latest March of Time film now being shown at the Fox Sequoia Theater here, is the story of one of the greatest feats of organization and public education in modern times—the Air Raid Precautions (ARP) system of Great Britain.

The film shows how United States citizens, adjusting themselves to the imminence of danger from air attack, are learning that total war demands of civilians the same discipline and alertness as that required of the military forces. And from Britain's hard and bitter experience

in educating her people to defend themselves during air attack, the March of Time shows, America is also learning many valuable lessons.

"When Air Raids Strike" shows, first of all, the standard protective military devices in action during an air attack—super-sensitive plane detectors; barrage balloons which force enemy bombers to fly high; squadrons of fighter planes; and rings of anti-aircraft batteries around important cities and industrial areas. Back of these defenses, the film shows, must be a trained and disciplined civilian army centering around air raid wardens, who are responsible for the protection of human life, and auxiliary fire fighters charged with the task of minimizing property damage.

In one particularly important sequence, the March of Time shows exactly how to extinguish an incendiary bomb—one of the worst menaces of all, yet one of the easiest to fight if proper counter-measures are employed.

I'M AMAZED! JUST CHANGING MY SHORTENING GAVE ME LIGHTER CAKES!

Here's the New Secret of Lighter Cakes

DON'T CHANGE THIS

DON'T CHANGE THESE

JUST CHANGE TO CRISCO

YES! Crisco gives you LIGHTER CAKES than any other shortening!

Only "Sure-Mix" Crisco has this grand new "Lighter-Cakes" secret

Have you always stuck to expensive table shortening for your cakes? Then you'll hardly believe your eyes when you change to Crisco and see how much lighter cakes you get!

You'll see an amazing difference the minute you start to mix your Crisco cake... Your ingredients come together in a smoother batter—the batter holds together... doesn't have that "curdled" look! That's what we call "active" blending. Only Crisco gives it, because only Crisco is made

by the exclusive patented "Sure-Mix" process. How proud you'll be when you take your Crisco cake layers from the oven—so amazingly high and fluffy, so tempting. Yes, Crisco cakes are lighter than you can get with any other shortening we know of!

There'll be plenty of excitement when the family tastes your lighter, fine-textured, delicious Crisco cake! What fun to hear them say—"Best cake you ever made!" Won't you change to Crisco today?

FOODS FRIED IN CRISCO ARE SO DIGESTIBLE EVEN CHILDREN MAY EAT 'EM!

Voluntary Funds Asked

With \$2000 as the quota for Redwood City, the campaign to raise sufficient funds to establish a Blood Bank in San Mateo County was started Monday.

Louis C. Christensen is captain of the local committee, and Theodore N. Thompson is secretary-treasurer. Others on the Redwood City group are Martin J. Flynn, Judge Edward I. McAuliffe, Floyd F. McCue, Duncan Reynard and Neal Van Sooy.

The campaign will be on a purely voluntary basis, Christensen said. No house-to-house canvass or other individual solicitation is planned. Contributions to the fund, whether large or small, may be left at the American Trust Co., either branch of the Bank of America, the First National Bank, the Star-Advertiser or the Tribune offices; may be mailed to the San Mateo County Blood Bank Committee in Redwood City; or may be sent to the County Blood Bank fund at Mills Memorial Hospital in San Mateo.

The money raised in the campaign, which will end Mar. 31, will be used to purchase equipment to store blood plasma, which can be used to save lives in case of bombing or other enemy attack, or in case of any serious injury where the plasma is needed. The plasma will be stored throughout the county, one depository being in Redwood City, Christensen said.

Thompson is serving on the general county committee, of which Dr. Carl L. Hoag is chairman.

Through an error, the name of Mrs. Z. T. Thorning of Redwood City was included on the committee list on the letter which went to 2000 local people today.

Rocco Lombardini, 81, Oldest Redman, Dies

Before his death Sunday at 4:30 p.m. in a local hospital, Rocco Lombardini of 828 Hamilton St. was distinguished as the oldest living member of Metamora Tribe 24, Improved Order of Redmen. He was 81 years old, and had lived in Redwood City for the past 62 years. He was a native of Italy. Death came after an illness of two years.

Before his retirement 16 years

ago, Mr. Lombardini was employed by the S. H. Frank and Co. tannery. He was a charter member of Redwood City 1484, Order of Owls.

He is survived by his wife, Ercolina Lombardini; a daughter, Mrs. Norma Bates of North Fair Oaks, and two granddaughters, Mrs. Norma Estes of Redwood City and Blanche Bates of North Fair Oaks. He was the father of the late Rinaldo (Rock) Lombardini.

Robert J. Book Joins U. S. Navy

Robert J. Book, 17-year-old Sequoia High School senior, has discontinued his schooling to join the aviation mechanical division of the U. S. Navy. He plans to leave here next week. Book, who lives at 620 Second Ave., is the son of Mrs. R. O'Lague.

The tin container used for food is really a steel can with only 1.25 per cent tin, applied as a thin coating.

Jeanette MacDonald's Program Is Announced

SAN JOSE — Jeanette MacDonald's program in San Jose Civic Auditorium this evening will be as follows: Turn Ye to Me, Traditional; Oh! Charlie Is My Darling, anonymous; Bluebells of Scotland, anonymous; A Pastoral, Carey; Il est Doux, il est Bon, from "Herodiade," Massenet; Do Not Go, my Love, Hageman; Let Me Always Sing, Release, Gene Raymond; The False Prophet, John Prindle Scott;

Awake, It Is Day, Florence Newell Barbour; Waltz Song from "Romeo and Juliette" Gounod; Romance, Debussy; Ouvre ton Coeur, Bizet; Le Papillon, Fourdrain; Villanelle, Dell'Acqua; One Kiss, Sigmund Romberg; Zigeuner, Noel Coward; Badi-nage, Victor Herbert.

Coyotes which followed the white man into Alaska are now damaging large areas of wild duck and game nesting areas.

Sequoia Buildings Cleared
In 5 Minutes During 'Raid'

BY BERNICE SHERMAN

A thrilling "rescue" of a "victim" trapped in the tower of the main school building climaxed the first of a new series of air raid drills at Sequoia High School Wednesday.

Under the supervision of Supt. A. C. Argo, it took less than five minutes to clear the building. Students were classified into two groups—those who live within a 1½-mile radius of the school and who would thus be sent home in case of emergency, and those who live too far to be sent home and who therefore must seek safety on the school grounds.

"In our former drills," explained Argo, "we sheltered the students within the building. But authorities who have recently returned from England inform us that in the event of bombing it is much wiser for the students to take refuge out-of-doors."

Promptly at 2 p.m. the alert bell sounded. While I watched the students go through the grim practice, I noticed how seriously and quietly they behaved. Each knew exactly where he or she should go. Sequoia athletes policed the grounds wearing police arm-bands. First aid squads had stretchers ready in the event of an emergency. During the course of the drill one "victim" was solemnly carted to the gymnasium for hospitalization. He was carefully wrapped in a blanket, and a head-bandage was applied to prevent undue "bleeding."

The students who would be sent home in a real air-raid were ushered into the school auditorium, where they were shown movies. Outside, seeking shelter under the trees, was the rest of the student body.

While a group of prominent Redwood City officials including Chief Air Raid Warden Edward J. McAuliffe and Chief of Police C. L. Collins, watched the proceedings, the rescue squad effected a dramatic rescue of a dummy lowered from the top of the school building to a waiting stretcher.

Only real casualty of the afternoon occurred when one of the boys on the first aid squad lost a shirt that he had removed to use as a bandage!

Educators Attend
Teacher Meetings

Several Sequoia High School physical education instructors and principals of Redwood City elementary schools attended a meeting of the San Mateo County Elementary Principals' Association Wednesday at 6:30 p.m. at Poole's Restaurant in Burlingame to discuss problems of physical education.

DeWitt Portal of San Jose State College presented facts concerning the health efficiency of the present-day youth.

Recent surveys show that many boys and girls have serious physical handicaps, and the physical education instructors and principals will strive to see what can be done about the situation.

Demonstrations of correct physical education procedures were conducted by Portal with students from his San Jose State Physical education classes.

A. C. Argo, Sequoia High School superintendent, and S. S. Mayo, Sequoia Evening School superintendent, left Wednesday for Los Angeles, where they will attend a meeting of co-operative schools. They plan to visit various schools and defense industries while in the South to determine how Sequoia may improve its facilities for wartime needs.

Twenty-three High School students this week were given books on the Constitution of California and United States and other documents for outstanding work in history classes. The books were made available by State Sen. Harry L. Parkman.

Receiving the books were Kiyoko Kasai, Bob Kelsey, Bob Conner, Jeanne Waters, George Small, Jim Jediclicka, Herbert Hotchner, Winston Esheleman, Warren Saltzman, Don Cerqui, Bill Hefflin, Ben Esposito, Bill Burton, Betty Dill, Gloria Gilli, June Baker, Calvin Holt, Shirley Lomax, Harold Harris, Janet Padley, Alfred Hansen, Joe Robb and Paula Shaw.

Important Facts

Residential Gas Users Should Know about Limitation Order L-31 by the War Production Board to curtail Consumption of Natural Gas

Effective March 1st, 1942, the War Production Board placed certain restrictions upon the use of natural gas for home heating purposes. In general this order reads as follows:

Limitation Order L-31 prohibits the delivery by the gas company and the acceptance by the customer of natural gas or mixed natural gas and manufactured gas for the operation of central heating equipment (or heating appliances supplying the major portion of the heating requirements of the premises) unless such equipment was installed prior to March 1, 1942, or unless, in the case of new construction the equipment was specified in the construction contract and the foundation under the main part of the structure in which the equipment was installed was completed prior to March 1, 1942. This order applies to all users of gas, including residential customers.

To clarify the terms of this order as to its effect upon residential gas customers, let us interpret its meaning:

1 Gas heating equipment can be installed in homes WHEN IT REPLACES worn out gas heating equipment having a heating capacity equal to or greater than that of the gas heating equipment being installed.

2 Gas heating equipment can also be installed in homes WHEN IT SUPPLEMENTS other sorts of heating equipment which will continue in service as usual provided that the newly installed gas heating equipment has a heating capacity less than that of the heating equipment being supplemented.

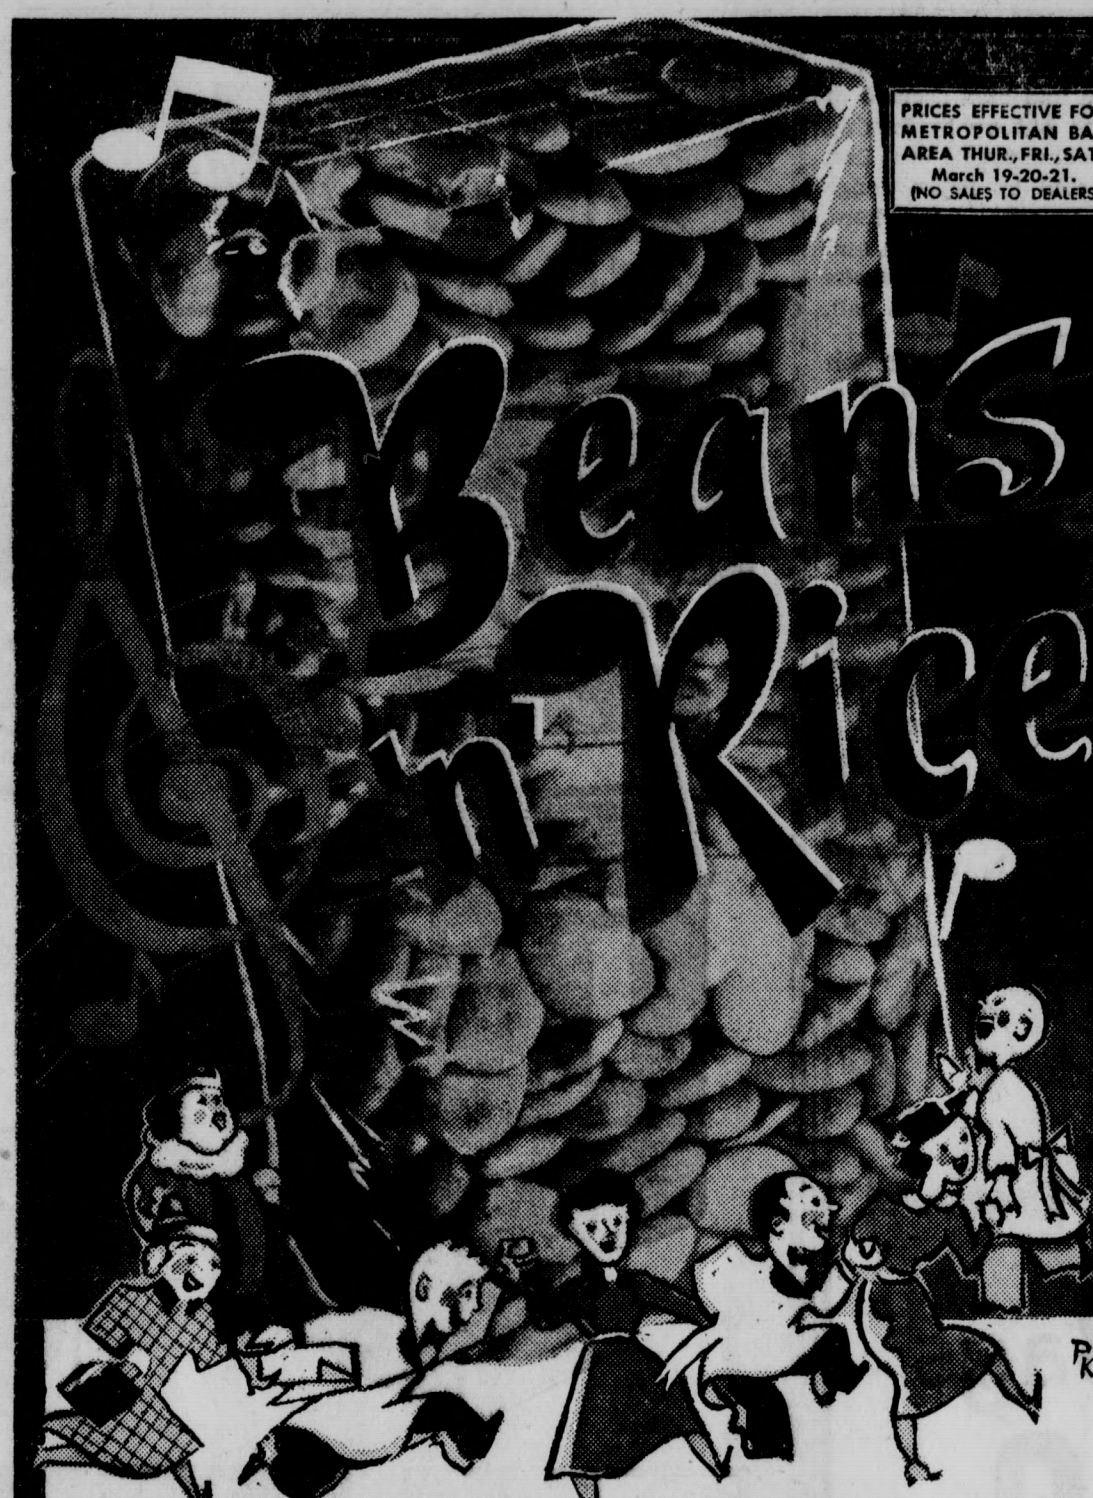

3 Gas ranges, gas water heaters and gas refrigerators can be installed and used without restriction.

This company pledges strict compliance with the terms of Order L-31 and asks the cooperation of all customers.

March 26 Program Set

Designed primarily to appeal to the 450 people in this area who are studying home nursing, but expected to prove of interest also in the general public, a program of motion pictures and brief talks on health problems will be presented at Sequoia High School Mar. 26 at 7:30 p.m.

Sponsors of the affair are the San Mateo County Tuberculosis and Health Association and Redwood City Chapter, American Red Cross. There will be no admission charge.

Four films have been secured. They are a March of Time film, "Heart Disease"; "In Defense of the Nation", a cancer film, and "Goodbye Mr. Germ."

Following the showing of each picture, a medical specialist in each line will answer questions and discuss the particular problem presented.

Each film will take 20 minutes to show; discussion will be confined to 10 minutes, so that the presentation should last two hours, according to Mrs. Marjorie Tompkins, R. N., chairman of home nursing for the Redwood City Red Cross chapter.

SAN CARLOS MAN HURT
Frank Lucero, 42, 108 Arundel Rd., San Carlos, suffered a possible fracture of the right elbow Wednesday when the car in which he was riding was struck by the rear of Millbrae by the machine of George Lewis, 69, San Francisco capitalist, patrolmen reported.

Offer of Free Sand Made For Emerald Lake Area

Directors of the Highlands District Improvement Club, which has fostered civilian defense efforts in the Emerald Lake region west of Redwood City, devoted much of their time at their monthly board meeting Monday to discussion of defense matters.

An offer of Fire Chief John Volpiano of Woodside to furnish sand free for fire bomb protection if a central location be designated was referred to the club's defense committee.

It was reported there were 33 air raid wardens, 3 auxiliary policemen and 6 block matrons in the area.

CONVICTED OF BATTERY

MENLO PARK—Joseph Walker, 38, who had been accused of assault and battery by Patricia Lowe, who charged he beat her, was convicted by Police Judge E. J. Ryan following a trial here. Walker asked for probation and was told to return in two weeks for sentence. He is free on bail.

Lakemead Way and Jefferson Ave., noting that several accidents had occurred there in the past few years, and decided to ask the county either to close Lakemead entirely or improve it.

Proposals for bus service were referred to the utilities committee for conference with the Yellow Cab Co.
